Message from Judge Culliton

This year marks Saskatchewan's golden jubilee — 50 years as a province in Canadian Confederation. Throughout the year, in every part of Saskatchewan, there will be celebrations and festivities to mark this historic occasion. The competition for the North American figure skating championships, international in character, is a great contribution to our provincial program.

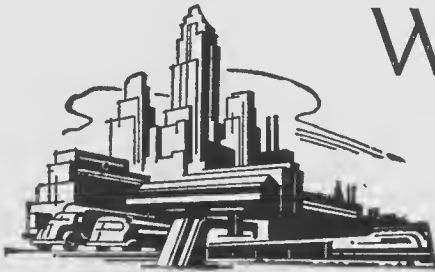

May I, as chairman of the Saskatchewan Golden Jubilee Committee, extend to all visitors and participants a heartfelt welcome. I am confident that you will enjoy the friendliness and hospitality of Saskatchewan people and that your visit, through brief, will instil in you a greater knowledge and understanding of this keystone province and its people.

The people of Saskatchewan will enjoy to the full the opportunity of seeing the finest figure skaters in North America. For those competing, the competitions are a challenge; a challenge that will bring out the skill and ability of each participant, but even more important, those qualities of character upon which lasting international friendship is founded.

E. M. CULLITON

REGINA - *City of Progress*

Welcomes You!

A cordial invitation to enjoy the attractions of Regina is extended the participants and visitors to the North American Figure Skating Championships. We trust your stay will be pleasant and informative and that you will plan a return visit.

Factual information concerning taxes, labor, the availability of plant sites, water, power and transportation will be gladly given to interested organizations. If you are seeking such information, the Chamber will be happy to help prospective plants, distribution warehouses and regional offices locate favorably.

Write in confidence to:

This is Saskatchewan's Golden Jubilee Year, when the province celebrates its 50 years of entering Confederation.

It will be marked with interesting events throughout the year, and your participation is earnestly requested.

Welcome by the Mayor

On behalf of the Council and the citizens of the City of Regina, I am honoured in having the privilege of extending a word of welcome to all those participating in and observing the North American Figure Skating Championships being held in Regina. On March 15th and 16th, we will have the opportunity, and for most of us it will be a once-in-a-life-time occasion, of witnessing the very best skaters in North America competing for top honours.

I wish to congratulate all those proponents of ice skating in Regina, who have made this spectacular event possible. I wish also, to express my hope that those visiting Regina because of this contest, enjoy themselves to the full and take away with them fine memories of our City celebrating Saskatchewan's Fiftieth Anniversary as a Province.

Welcome...

to Regina for the North American figure skating championship. We hope your stay here is an enjoyable one, and that you carry back many pleasant memories of Saskatchewan.

This is our home town; Regina has been the location of Hi-Way Refineries' head office since 1931, and the company has seen rapid expansion in the past few years.

Today, as a member of the Royalite organization, we are altering the emblem (below) to read "ROYALITE" and a full range of petroleum products—produced from prairie crude oil—will be available to the motoring public as "ROYALITE" products.

NOTES

Flashbulbs:

During actual competitive skating photo-flashbulbs are disconcerting to the contestants, hence it is urgently requested that no flashbulbs be used at such times; facilities will be provided for amateur photographers *after* the various sessions if warranted.

Scoring:

It has been found impractical to provide space for scoring in a small program.

Your attention, however, is called to the fact that, in "Singles" competition, the skating is divided into two parts, (a) prescribed or school figures and (b) free skating. In the determination of the winner, second, etc., the school figures count 3/5 and the free skating 2/5 of the total. The winner is not necessarily the skater with the most brilliant free skating program.

This is written for the benefit of those who witness the free skating only and are occasionally surprised when the winner is announced.

Smoking:

Smoking is *not* permitted in the rink due to existing fire regulations.

The Wascana Winter Club appreciates very much indeed this opportunity of presenting to the citizens of Regina and district the Figure Skating Championships of North America. I would like to take this opportunity to extend sincere thanks to everyone who contributed so generously to the success of this event, to the Judges, Referees, the International Committee, the local North American Committee, the City of Regina, the Saskatchewan Government, the Golden Jubilee Committees, the Advertisers, the Press and Radio, and numerous other officials and assistants, and in particular, to the contestants who travelled such long distances to come to Regina to make the competitions possible. It is hoped that all of our guests will have pleasant memories of their visit to Regina.

BERT PENFOLD, *Chairman,*
North American Committee.

Congratulations

Wascana Winter Club

. . . on bringing the North American Figure Skating Championships to our Province, in this . . .

SASKATCHEWAN'S GOLDEN JUBILEE YEAR

Saskatchewan has long been famed as a training ground for budding stars of ice sports.

In most of the province's communities, ice skating is the most popular winter pastime for even the youngest boy or girl.

The Saskatchewan Power Corporation serves almost 700 communities in the province with electrical power . . . power, that in many cases makes it possible for winter sport enthusiasts to better enjoy their favourite pastimes.
